PROJECTS

Dot&Key Clone ⧉
Jun 2022 – Jul 2022
- Cloned the online website of Dot&Key which is an all in one skin care system for purchasing skin care products.
- It was a collaborative project developed with a team of 5 members in one week
- My task was to correct the UI of the website and create the components like navbar.
- Tech stack : ReactJs, JavaScript, CSS, Chakra-Ui.
- [GitHub repository Link] ⧉

Netmeds.com Clone ⧉
Jul 2022 – Jul 2022
- Cloned the online website of Netmeds which is the "first-to-market" solution for the quick online purchase and fast delivery of prescription medications.
- This website clone is built on react within 5 days.
- Mainly worked on front-end with login functionality
- Tech stack: ReactJs, JavaScript, Chakra-UI, Swiper, CSS.
- [GitHub repository Link] ⧉

BeBodyWise Clone ⧉
Mar 2022 – Apr 2022
- Cloned the online website of BeBodyWise which specialises solely for women's. This website mainly concentrates on the health or any other problems faced by women.
- It was a collaborative project developed along with 3 members within one week.
- In this collaborative project my job was to create the wellness assessment page.
- Tech stack: Html, CSS, JavaScript
- [GitHub repository link] ⧉
